GETTING STARTED

Turn on the disk drive and insert the GAME disk. Remove all cartridges and turn on the computer. The game will self-boot. On the 800XL computer, hold down the OPTION key as you turn on the computer.

COMMANDS

The command keys for the Atari® are the same as the Commodore 64™ except as

noted below:

Sound ON/OFF Dissolve ON/OFF

Save game

Move Inventory Box left and right, respectively

REDEFINE command keys

Ctrl/S Ctrl/D

ESC <,>

Ctrl/ 1 and Ctrl/ to move cursor.

The joystick works like a C-64 joystick, except it plugs into port #1.

ATARI KEYBOARD
